Grants – 389 given, \$4,299,542 awarded\*

Scholarships – 402 given, \$ 1,388,218 awarded

Gifts – 707 received, \$7,873,359 contributed†

New Funds – 16

Total Funds – 312

Total Assets – \$127,535,526

(as of 12/31/22)

\* - Includes grants from agency funds

† - Includes gifts to agency funds

# Dear Friends,

Everywhere we turn in Licking County, we see inspiration at work. Communities are adding vibrant new places and restoring old treasures. New festivals and other opportunities to gather and celebrate are added to our calendar regularly. Parks and special use recreational spaces like Pickleball Courts and Horns Hill Park Mountain Biking continue to grow and attract visitors from near and far. Our community is rallying as we prepare for the exciting growth and change that is to come with the arrival of Intel and others, expansion of Google, and the UNESCO World Heritage inscription of Licking County's 2,000-year-old Hopewell Ceremonial Earthworks.

## Another year of inspiration...and gratitude

In 1956, a group of seven visionary Licking County civic leaders were inspired much as we are today. They wanted to ensure that Licking County would continually improve, and so on November 21 that year, they voted to establish the Licking County Foundation – and set in motion decades of charitable support for our community that has since changed hundreds of thousands of lives.

More than 66 years later, we continue to practice that compassion in action, and we look to our community – our donors, partners, volunteers, and others – to keep us inspired. As we celebrated our founding throughout 2022, we acknowledged decades of unwavering stewardship of gifts of all sizes, marked the outstanding community partnerships that allow us to help achieve our mission, and paid tribute to those who helped us along the way. But our biggest inspiration came from thinking about our future, and that led us to ask our entire community one, not so simple question:

**If you had to choose one thing to improve life for others in Licking County, what would it be?**

More than 300 responses came from people of all ages and all corners of Licking County. We unveiled our question at the 2022 Annual Groundhog Breakfast. From there we reached out to our donors, grant partners, volunteers, schools, the business community, faith communities, and residents to invite their input. We enjoyed conversations at farm markets, community meetings, and in our own backyards. People enthusiastically shared their ideas, hopes, concerns, and dreams for the future. Housing, transportation, helping people with mental illness, preserving our parks, providing services for seniors and youth, compassionately supporting people in recovery, celebrating the arts – these and many other ideas were shared. We invite you to read more about this initiative on page 32.

Thanks to inspiration from many directions in 2022, the Licking County Foundation also:

- Helped donors establish 16 new funds to improve lives and realize their philanthropic wishes,
- Raised nearly \$8 million from more than 380 donors,
- Invested \$5.7 million in grants and scholarships back into the community,
- Maintained our financial strength in a volatile year, ending 2022 with over \$127 million in assets,
- Strengthened the capacity of our grant partners with training and consulting opportunities, and
- Provided new opportunities for our nonprofits, donors, and our community members to come together to learn new ideas and inclusive approaches to improving lives.

Inspiration binds us to the determination of those civic leaders who met that day in 1956 and created a forever legacy: your community endowment. Our Foundation is sustained by six decades of giving representing thousands of donors whose generosity year after year inspires us to continue working together. To all who were part of the story of 2022 – thank you. For those just joining our work in progress, we look forward to sharing with you this great privilege we have, to improve the quality of life for all residents of Licking County for generations to come.

With Deep Gratitude,

Molly Ingold  
2023 Governing Committee Chair

Connie Hawk  
President

# Our Funds

*Donors Inspired to Improve Lives Yesterday, Today and Tomorrow*

More than 300 charitable funds make up our community's endowment, providing hope and changing lives across Licking County, and strengthening every aspect of life. Every fund has a purpose inspired by the donor's passion for helping the community. Since 1956, thousands of caring donors have invested in the future of the community they love through gifts to the Licking County Foundation. Our donors have always come from every walk of life and generations later, they still do. They are individuals, families, businesses and organizations. Their gifts come in all sizes and their interests are diverse, but they have a common desire: to improve the lives of people who live, work, play and learn in Licking County. They also understand they are walking the same path our donors walked 65 years ago – and that their generosity will continue to live on well into the future.

LCF's endowment held steady despite volatility in 2022, ending the year with more than **\$127 million in total assets** through generations of gifts made by compassionate donors seeking to create positive impact and lasting legacy.  
*(Foundation assets as of December 31, 2022)*

From strategic grants awarded from Unrestricted and Field of Interest Funds to critical support provided by Scholarship, Donor Advised, Designated Agency, Agency, Project, and Community Charitable Funds, **LCF investments in the community totaled \$5.6 million.** Donors who established these funds made it possible for us to shore up essential services to those in greatest need, increase access to health care and mental health services, reduce hunger, advance scholars toward their futures, and enhance our community's outdoor recreational areas.

## NEW FUNDS Inspiration At Work

Year after year, the Foundation's family of funds grows thanks to new donors who choose the Licking County Foundation to help them improve the lives of others.

### John A. and Dorothy L. Brown Fund

This designated agency fund was initiated by John A. Brown, Jr. and his wife, Dana, as a Christmas gift to honor his parents, John A. and Dorothy L. Brown. The fund will support the Newark High School Booster Club, Newark Catholic High School Foundation and Church of St. Edward the Confessor for general purposes.

John and Dorothy met while attending Newark Catholic High School and were married in 1968. Along with being a decorated Vietnam War veteran, John received a football scholarship to attend the University of Toledo, where he earned his undergraduate degree. He then went on to earn his master's degree from Xavier University.

John was a teacher and coach with Newark City Schools before he eventually became Assistant Principal at Lincoln Junior High School. He held that position for one year before being appointed Athletic Director for the district, a position he held for 19 years before his retirement. Dorothy has worked as a public employee, first with Licking County Veteran's Service Commission and eventually retiring from the Licking County Municipal Court as Chief Deputy Clerk of Courts.

John is a member of the Newark Lions Club, Vietnam Veterans Association, and the American Legion. He and Dorothy currently reside in Newark and are members of Church of St. Edward the Confessor.  
*Established: June 21, 2022*

### Buddy Callicoat Memorial Scholarship Fund

This scholarship fund was established in memory and celebration of the life of Edward A. "Buddy" Callicoat, beloved teacher and lifelong learner, by his family and friends. A wonderful father whose children were his world, Buddy spent his career as a teacher and created lifelong connections as a student, coach at New Albany Schools, a teacher at Watkins Elementary and Middle Schools and finally, at Groveport Madison Elementary. Buddy's approach to teaching and personal commitment to help every child learn inspired many of his students to pursue their own teaching careers. He kept in contact with former students through their adult years and encouraged them through difficult times and cheered them through the good times. With his own kids, every day was an adventure. He loved life and lived it to the fullest. During his funeral service, close friend Jimmy Joseph reminded us all how short life is and that we need to embrace it, as Buddy did, and "Play like Buddy." The scholarship assists graduates of Watkins High School intending to study education, ecology, or environmental science at an accredited post-secondary institution.  
*Established: October 4, 2022*

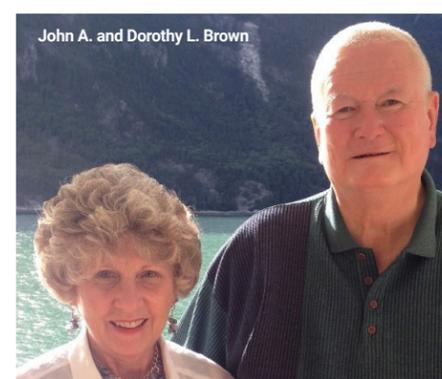

### Coach Hardin / Coach Klontz Bulldogs Forever Scholarship Fund

This scholarship fund was established by friends and Heath High School "Bulldog" sports alumni in honor of Coach Dave Klontz and Coach Don Hardin for their decades-long service and dedication to providing Heath High School students with outstanding coaching support in the track and baseball programs. The scholarship celebrates the coaches' impact not only in bringing out the best in student athletes but also sharing important life lessons and modeling values of hard work, leadership,

teamwork, honesty, integrity, respect, and personal responsibility. This scholarship assists Heath High School graduating seniors who demonstrate outstanding achievement in Heath High School sports who wish to continue their education at a two- or four-year program at any accredited college, university, trade or technical school.  
*Established: April 20, 2022*

### Ben and Kay Finckel Fund

This designated agency fund was established through a bequest from Mary Katherine "Kay" Finckel to support the causes she and her late husband Ben cared about most during their lifetimes – the Licking County Humane Society and the Foundation for Hospice of Central Ohio. Ben and Kay were married in 1966 and enjoyed living, working, and volunteering in Licking County. Ben passed away in 2006 and Kay in 2020. Kay was a Newark native and Ben, born in Canton, graduated from Newark High School. Kay was a teller at the Old First National Bank for many years and later a secretary at the Mantonya Law Office. Ben retired in 1993 after serving 43 years with Park National Bank as assistant vice president. Both were members of the Second Presbyterian Church where Kay was an Elder and Ben served as treasurer for 34 years. Kay was known to be kind and friendly, the type who "never met a stranger," and loved animals, especially her dogs, Tyler and Coco. Ben, who served in the Ohio National Guard, also loved golf, was a Cleveland Indians (now the Cleveland Guardians) fan, and a member of Moundbuilders Kiwanis Club.

## New Funds, *continued*

### Grow Your Music Fund

This designated agency fund was created by Linda Habig, a professional flutist and experienced music educator who is dedicated to sharing her joy of music-making with everyone – especially young people. The fund supports scholarships for private music instruction on orchestral or band instruments to Licking County students in grades 7-12 who would not otherwise be able to take private music lessons due to their family's financial situation. Linda is a member of the Heisey Wind Ensemble and the Director and Flutist of Wind and Wood Players, a collaborative chamber ensemble. As a registered teacher with the Suzuki Association of the Americas, she teaches in the Denison University Suzuki Program as well as privately. Linda cherishes every one of her students and helps them discover the heart-warming love of musical expression through their instruments. It is her hope that the Grow Your Music Fund will help more students grow their musical abilities and share their musical delight in the community.

*Established: September 7, 2022*

### C. Vernon Johnston Scholarship Fund

This scholarship was established by the Jacksontown High School Alumni Association on the occasion of their dissolution, to honor their treasurer, longtime volunteer, friend, fellow Alumnus and former Future Cities instructor at Lakewood High School, Clifford Vernon Johnston. As Jacksontown High School was the forerunner to the current Lakewood High School, the purpose of this scholarship is intended to provide one-time support to two graduating seniors from the Lakewood High School Class of 2023.

*Established: August 15, 2022*

### Brenda L. Kutan Fund

This unrestricted fund was established by Brenda Kutan to address the community's most urgent needs and emerging opportunities. Brenda is a lifelong Licking County resident. Two weeks after graduating from Lakewood High School, Lowell Anstine hired Brenda to work at Park National Bank's Hebron branch. She moved on to the Newark Branch and capped her career at almost 45 years when she retired – having spent most of those years as the administrator in the executive office, first for Bill McConnell, and later for Dan DeLawder.

Brenda says, "People care about each other. I love the small-town feel. Friends and family always want to know what's happening here in Licking County and love to visit!"

*Established: September 6, 2022*

### Lindsey-Tallman Fund / Lindsey-Tallman Scholarship Fund

This designated agency fund was established by the Last Will and Testament of John R. Lindsey to support the Second Presbyterian Church of Newark, Ohio and the Lindsey-Tallman Scholarship Fund of the Licking County Foundation. The scholarship will assist female high school graduating seniors with financial need to further their studies at an accredited college or university.

John passed away on April 13, 2022. He grew up in Bryan, Ohio, and was a standout basketball player through high school. He earned both his undergraduate degree and a Juris Doctorate from The Ohio State University. John entered into the United States Air Force through its Judge Advocate General program and served as an officer and legal counsel prior to being honorably discharged at the rank

of Captain. While stationed at Fort Dix, New Jersey, he went to a party where he met the love of his life, Sandra Ann Tallman. They married and had two children, who they raised in Granville, Ohio.

John had a distinguished career as an attorney, serving in the office of the Ohio Attorney General as counsel for the Department of Transportation, before opening his own law office where he served his community in a diverse practice for over 25 years. He held the office of City Solicitor for the City of Newark, Ohio in the 1970s, and served for many years as a trustee at the Second Presbyterian Church in Newark. He was a voracious reader and a lifelong Ohio State Buckeye fan. He was also a lover of the outdoors, shooting, boating, skiing and tennis.

Except for shooting, Sandra Tallman Lindsey also enjoyed these interests along with tending her garden, sewing and listening to classical music. Professionally, she was a dietitian meeting the nutritional and health needs of elderly residents at nursing homes in central Ohio. She also devoted extensive time serving her communities in Newark and Granville as a volunteer. She and John loved life and each other immensely and their legacy of love and kindness lives on.

*Established: December 4, 2022*

### Plymouth Church Legacy Fund

This designated agency fund was established by the congregation of Plymouth Church to support causes that were meaningful to them: The Food Pantry Network of Licking County, Heartbeats for Life, and The Center for New Beginnings Shelter and Services. In 2021, due to the aging building, low church attendance and lack of funds to keep up with the expenses, the congregation made the heart-wrenching decision to sell the church building. They voted to use the proceeds from the sale to continue improving the lives of others. The congregation was honored to be part of the Newark community since 1884, and in the building since 1909. The beauty and history of the building will endure in the heart of downtown Newark, and the giving spirit of its congregation will endure for generations through grants from this fund.

*Established: July 15, 2022*

### Jim and Tammy Roberts Family Fund

This donor advised fund was created by Jim and Tammy Roberts to help support a multitude of causes that they and their family are passionate about. Jim and Tammy, along with their children, Aaron and Kelly (Tuttle), are all graduates of Heath High School. Jim is a professional civil engineer and was hired by Bill Moore as Newark City Engineer prior to joining the firm, Jobes Henderson & Associates, where he became owner and CEO. He served on the Heath Board of Education for 16 years and currently is a member of Heath City Council. Tammy is a Radiologic Technologist who has worked with several orthopedic surgeons in the area and has provided full-time care to her parents for many years.

Jim and Tammy are active members of the Heath Church of Christ, where Jim serves as an Elder. Tammy manages the Church Café, has been a longtime participant in the Bible Study Fellowship Program and has served many years on the board of the Heath Christian Pre-School. Jim is an avid cyclist who participates in the Pelotonia each year and also serves on the board of Bike Buckeye Lake. The couple both enjoy time with their grandchildren.

*Established: December 28, 2022*

### Anne and Walter Seidel Scholarship Fund

This scholarship was established in 2020 by Anne Seidel in honor of her husband, Walter Seidel, and their 60 years together. The Seidels were married on July 10, 1948; and Walter passed away in 2008. He graduated from Newark High School and served in the U.S. Navy during World War II. He worked for the A.H. Heisey Co. and the Heath Refinery; and retired in 1990 from Denison University as a stationary engineer. He said that his job was to "keep the coeds warm at Denison." Anne graduated from Granville High School, played piano by ear, and was a member of the Sweet Adelines chorus for 60 years. She worked for the Pure Oil Company Heath Refinery for 40 years. Anne also worked as a substitute in the City of Newark's Mayor's office for 13 years. The Anne Owens Seidel renewable scholarship assists Granville High School graduating seniors who are majoring in music. The Walter Seidel Scholarship assists Newark High School graduating seniors who are majoring in engineering at an accredited four-year college or university.

*Established: February 2, 2022 (Planned Gift in 2020)*

### Karen Sullivan Memorial Fund

This community charitable fund was established by Tim Sullivan to honor and remember his wife, Karen Sullivan, who passed away from a rapidly-growing form of brain cancer in 2022. The fund supports the causes she cared about most, including fitness programs for people with Parkinson's Disease in Franklin and Licking County, and improving recreation and leisure for residents and guests in Granville.

Karen and Tim Sullivan were married for 43 years. They both worked for and retired from Owens Corning Fiberglass Technical Center—Karen after nearly 25 years and Tim after 43 years and lived in Granville for most of those years. After retirement, Karen and Tim moved to Dublin and later to Powell to be closer to their son Brian, daughter-in-law Rebecca, and grandsons Kaiden and Grayson.

Karen was diagnosed with Parkinson's Disease in 2010, and aggressively battled the symptoms with Delay the Disease workout sessions at PDNextSteps for over a decade. She cherished the support and camaraderie of her classmates and instructor. Diagnosed with brain cancer in 2021, she stoically and cheerfully fought multiple health-related challenges. Karen's family and friends viewed her as an unforgettable person and role model who made each of them better people.

*Established: June 1, 2022*

### WALTAN Family Fund

This unrestricted fund was established by the estate of Walter and Lillian Anne Seidel, to support Licking County nonprofit organizations to improve the lives of others in our community.

*Established: February 2, 2022 (Planned Gift in 2020)*

Joe and Sue Yee

Beth Anne Young

Rob Young

## New Funds, *continued*

### Joe L. and Sue W. Yee Fund

This donor advised fund was established by Sue W. Yee, in loving memory of her husband Joe L. Yee, to assist the charitable causes and organizations that were important to them during their nearly 57 years of marriage and to support ever-evolving community challenges and opportunities.

A native of Youngstown, Ohio, Joe attended college through an ROTC scholarship and proudly served as a member of the US Army during Vietnam. Sue grew up in a small village near Canton, China and moved with her parents to Ohio, graduating from Cleveland Heights High School. Sue was finishing her nursing degree when she met Joe and they were married in 1963. They moved to the Newark area in 1973 when Joe was hired at GE, where he worked as an engineer for twenty years. He later worked for ODOT until he retired. Having earned her RN degree, Sue kept up her license while raising their two sons and returned to work at Licking Memorial Hospital after her youngest went to college.

Together, the couple enjoyed playing tennis, dancing and spending time with family and friends. They also traveled extensively overseas and in later years enjoyed traveling domestically, including a Rose Bowl game to see The Ohio State Buckeyes. Joe also loved tinkering with old cars in his free time. When asked why they stayed in Licking County, Sue recalled, "I like the people, and I like living in a smaller community.

The people here are very kind." In creating the fund to honor Joe and give back to the community, Sue says, "We were always mindful of others' hardships, and while Joe worked a great deal, we felt very fortunate." Especially important to Sue are organizations that assist veterans,

older persons and others with basic and medical needs. She also loves flowers and horticulture.

Sue continues to enjoy time spent with their sons, and three grandchildren.

*Established: June 27, 2022*

### Rob and Beth Anne Young Scholarship Fund

This scholarship fund was established in 2019 by Beth Anne Young, who passed away in 2022. The scholarship assists Licking County Residents furthering their education and is renewable up to four years.

Beth Anne and Robert Ward Young spent 42 years together until Rob's passing in 2019. Both Rob and Beth Anne saw their time together as "the greatest ride you could ever hope for." Beth Anne and Rob both graduated from Newark High School. Beth Anne worked at the main office of Park National Bank from 1962 until 1979. Rob graduated from Ohio University. He was a fireman for the Newark Fire Department, and had a long career with American Electric Power (AEP) for which he worked in many Ohio communities including Newark. Rob and Beth Anne also lived abroad for two years in Lahore, Pakistan while Rob worked on a rural electrification project for AEP. During that time, Beth Anne worked for the American Consulate.

After Rob retired from AEP, the couple moved to Port Haywood, Virginia, where they were members of the Mathews Yacht Club. Beth Anne retired from Gloucester (Virginia) Social Services. Rob also was active with the Coast Guard Auxiliary – he had served four years as a gunner's mate in the United States Navy – and was a Paul Harris Fellow with the local chapter of Rotary International.

Rob was a member of the Newark/Heath Rotary Club, Newark Elks Lodge 391 and American Legion Post 85. The couple both enjoyed Newark Maennerchor and the Buckeye Lake Yacht Club and continued to travel. Beth Anne also enjoyed her regular luncheons with fellow Park National Bank retirees and friends from her 1963 Class of Newark High School.

*Established: December 20, 2022  
(Planned Gift in 2019)*

# Gifts

*Celebrating our Donors – Our Partners  
and Inspiration in Changing Lives*

In 2022, donors in Licking County did more than talk about being generous; they were inspired to make 707 gifts totaling nearly \$8 million to make a difference in the lives of others. Donors made contributions to establish funds, build existing funds, celebrate special people or milestones, and support our community through the Foundation's programs, initiatives or unrestricted fund.

# Grants *The Transformative Power of Generosity*

By the end of 2022, the Foundation was home to 312 philanthropic funds established by donors who believe in supporting a strong community through strong community services. In partnership with donors, we distributed \$4.3 million in grants across a broad range of programs. Discretionary grants from Unrestricted and Field of Interest funds are approved by the Foundation's Governing Committee to support specific charitable purposes. Donors were inspired to support causes or organizations that have a special meaning to them, and made grants to organizations through agency, designated agency, project, donor advised and community charitable funds. The Foundation strives to support both our donors and our nonprofit partners as we work together to strengthen the community.

## STRATEGIC GRANTS

*Addressing the Community's Most Urgent Needs and Emerging Opportunities*

Discretionary grants are awarded as one-year or multi-year support to help our nonprofit organizations meet the ever-changing needs of our community. These discretionary grants are focused on projects or programs that:

- Help launch new projects which represent a unique and unduplicated opportunity for the community
- Support established organizations for special purposes
- Support organizations which deliver effective existing programs to assist or empower underserved or disadvantaged populations
- Offer new approaches to solving problems and stimulate others to participate in problem-solving
- Create opportunities for organizations to collaborate without duplicating services, and leverage additional resources
- Make a clear difference in the quality of life for a substantial number of people
- Propose innovative, creative and practical solutions to both current and emerging community needs
- Strengthen an agency's effectiveness or stability
- Generate matching funds

*"The wonderful donation from Licking County Foundation has helped make it possible for us to have another wonderful year in the Together We Grow Gardens! Their funding helps to financially support our 3 main programs that help to fight food insecurity in Licking County and work to educate community members of all ages about the benefits of growing healthy foods! THANK YOU for helping us do this vital work!"*

*-Vanessa Cross, Executive Director, Together We Grow Gardens, Inc.*

## LCF's 2022 Single-Year Grants

 The Turban Project  
 The Works: Ohio Center for History, Art & Technology  
 Together We Grow Gardens  
 Weathervane Playhouse  
 Wyatt Adkins Heart Organization

## Multi-Year Grants (2022-2024)

Supporting Priority Areas of Arts & Culture, Capital Projects, Community Development, Education, Health, and Supportive Communities

The three-year cycle of multi-year grants allows these nonprofits to focus on mission-critical work and redirect time and resources away from writing proposals and reports and toward engagement and learning opportunities that offer "support beyond the check." Such opportunities include technical support, capacity building training, organizational assessments, and other resources to help strengthen their impact.

American Red Cross  
 Behavioral Healthcare Partners of Central Ohio, Inc.  
 Boys & Girls Club of Central Ohio, Inc. (Newark Campus)  
 Buckeye Valley Family YMCA

 The Village Network  
 The Woodlands Serving Central Ohio, Inc.  
 Whole Living Recovery

Licking Park District

*"Build it and they will come! With the multi-year funding from the Licking County Foundation's Marguerite Halpine Heppenstall Fund, we are able to continue our multi-phase Nature Playscape at Infirmary Mound Park. In our modern technology-driven world, children spend ever increasing amounts of time indoors and on screens. Too much screen time may lead to sleep problems, lower grades in school, and inadequate outdoor or physical activity. Conversely, time spent in nature supports increased physical activity and reduced behavioral and emotional problems. By providing an opportunity for unstructured outdoor nature play in Licking County, with support from this partnership, we were able to advance our mission of providing access to diverse parks, educational opportunities, and health and wellness activities. The various playscape zones provide children of all ages, abilities, and socio-economic backgrounds a safe, accessible area to interact with the natural world. We have observed the young, and the young at heart, immerse themselves in play. Whether exploring the sand zone, following the willow path, or racing down the tube slides, signs of creativity, curiosity, exploration, and hands-on learning are evident. Thank you for your generous support to help bring nature play for all to Licking County."*

*- Kyle Lund, Director, Licking Park District*

*"Because of the funding provided by LCF, LCCH was able to provide financial assistance to 27 households facing a housing crisis. Those helped included a single mother of two who was facing eviction because she was unable to work for several months while recovering from surgery, and a senior citizen suffering from lung disease who received deposit assistance to move into a senior, subsidized apartment without stairs."*

*- Deb Tegtmeier, Executive Director, Licking County Coalition for Housing*

## Random Acts of Kindness Grants

Licking County Foundation provides one-time Random Acts of Kindness grants to organizations undertaking a wide variety of educational activities and community initiatives that support those in need or encourage diverse groups of citizens to gather, learn together and grow.

American Red Cross  
 Boys & Girls Club of Newark  
 Central Ohio Technical College  
 The Food Pantry Network of Licking County  
 Licking County Aging Partners  
 Licking County Alcoholism Prevention Program  
 Licking County Educational Service Center  
 Licking County Humane Society  
 Licking County Job & Family Services  
 Licking Memorial Health Foundation  
 Look Up Ministries  
 Mental Health America of Licking County, Inc.  
 Newark Campus Development Fund  
 The Rock Foundation  
 The Salvation Army (3)  
 United Way of Licking County  
 Utica Church of Christ  
 VictimsFirst

## Capacity-Building Grants

These grants supported by Unrestricted Funds bolster organizational effectiveness and sustainability for area nonprofits through support for trainings and consulting services and professional development for leaders.

Behavioral Healthcare Partners of Central Ohio Inc.  
 Buckeye Valley Family YMCA  
 Columbus Council on World Affairs  
 Fostering Further

 Licking County Coalition of Care  
 Licking County Community Center for 60+ Adults  
 Licking County Community Health Clinic  
 Licking County Humane Society  
 Licking County Library/Friends of the LC Library  
 Licking County TNR (Trap, Neuter, Release)  
 Mental Health America of Licking County, Inc.  
 Newark Development Partners  
 Newark Granville Symphony Orchestra  
 Newark Midland Theatre Association  
 Newark Think Tank on Poverty  
 Pathways of Central Ohio  
 St. Vincent de Paul Haven  
 The Village Network  
 Whole Living Recovery

*"Mallory came to Whole Living Recovery with the willingness to recover. Willingness is key but without safe housing, it is sometimes not enough. Our mission is to provide safe, community-based housing so that residents like Mallory can have time to take care of themselves, support each other and prepare for the future. Safe and sober housing bridges the gap between everyday life and treatment options available within the community. Thanks to the generous grant from the Licking County Foundation, Whole Living Recovery was able to provide Mallory and many others with a safe home and connection to needed resources. Mallory is now a house manager and peer supporter for our organization and serves so many in Licking County. We are so incredibly grateful for the Licking County Foundation and their donors. Your generous support saves lives."*

*- Kerry Penland, Founder and Director, Whole Living Recovery*

## Donor-Interest Grants

*Inspired By What Donors Care About Most*

Grants from donor advised, community charitable, agency, designated agency and project funds reflect the priorities of these donors and sustain the operations, projects and programs of hundreds of vital organizations serving Licking County.

A Call To College  
 A Special Wish Foundation - Central Ohio Chapter  
 Alvis Inc.  
 American Heart Association

*Continued on next page >*

**"Since we opened our doors in Licking County in 2019, we have been immensely grateful for the continuous amount of support our community gives to Boys & Girls Club of Newark. We have been able to serve over 600 children and youth throughout Licking County, crossing into many school districts throughout the county. Our organization continues to focus on four program pillars that assist in our mission of enabling young people to reach their full potential: Academic Success, Good Character & Leadership, Socio-Emotional Health and Healthy Lifestyles. Through the support of Licking County Foundation and many others we continue to offer services for children and youth ages 6-18 throughout the academic year and throughout the summer. Thank you LCF for your commitment to our community and to our mission!"**

**- Amanda Vozzella, Market Director, BGCN**

**"With the financial assistance of the Licking County Foundation, the Wyatt Adkins Heart Organization has been able to complete several projects at Legacy Community Park in Hanover. The new shelter house has become a gathering place for a variety of groups to fellowship, rest, celebrate, and meet consistently. Offering shade and space, this structure is used daily by community members of all ages. With a desire to be outdoors, the lighting of two ball fields has added safety and security to the growing youth athletic programs. As always, the Wyatt Adkins Heart Organization is so grateful for all the partnerships and helping hands that continue to provide the resources and funding for a public park that meets the mental and physical needs of the community."**

**- Beth Adkins, Wyatt Adkins Heart Association**

**"The generous funds provided to the Midland Theatre help to bring fabulous educational entertainment to school children in the community through programs such as our Yellow Bus Series. Musicians and performers scheduled to appear at the Theatre for our regular programming also lend their talents at day-time programs for school children. These sessions provide interactive engagement for children of all ages with the artists which helps spark creativity and interest in the arts at a young age. The experience is often the first time a child has visited a theater and been exposed to the performing arts. These grants allow us to be a critical part of the artistic development of our community's young people."**

**"The multi-year grant from LCF makes it possible for our Neighborhood Homeless Outreach Specialist, Ben Shirley, and BHP to help people like "Bill." Bill has lived in Licking County for many years and had been homeless for a few years due to alcohol consumption. Ben met Bill while he was staying in a shelter. He was able to provide Bill with a warming kit and everyday living supplies (socks, hats, gloves, jackets, etc.). Bill started coming to the shelter weekly to talk with Ben about his situation. Soon he was volunteering at the shelter and continued to update Ben. He reported he was happy to have someone who cared about him and his future. One evening Bill announced that he had signed the papers for a house and was now waiting for the final copies of the paperwork and the keys. A little over 60 days into his stay at the shelter, Bill was living in his own place in Newark. He continues to volunteer at the shelter, embodying that change is possible."**

**- Kathryn St. James, Psy.D., President and CEO, Behavioral Healthcare Partners of Central Ohio Inc.**

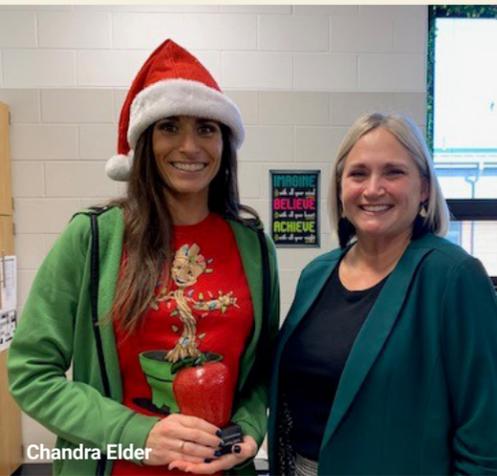

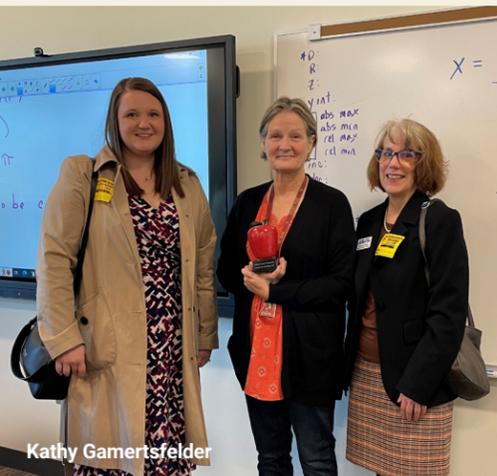

# Leaders for Learning Awards

*Celebrating the Role of Inspiring Educators in Improving Lives*

Our Licking County teachers have dedicated themselves to improving lives through their work to educate others. Since 1993, the Lindorf-Warner Memorial Fund of the Licking County Foundation has supported the Leaders for Learning program to recognize outstanding teachers who promote excellence in education here at home. The following individuals, nominated by their superintendents or principals, joined the more than 350 teachers who have been honored since this program began. Honorees received an art-glass apple award and a \$1,000 grant for professional development or to help purchase classroom equipment or supplies. We celebrated these teachers and the impact they had on their students in 2022.

# Tibbie Leslie

## Travel Grants for Educators

Experiencing life in other countries and other cultures can help us understand new ways of improving lives at home. Since 1999, the Tibbie Leslie Fund has supported area educators with the opportunity to travel outside the United States and expand their horizons and those of their students. The program was initiated through the last will and testament of Elizabeth "Tibbie" Leslie, a Newark native who traveled the world throughout her 30-year teaching career and was inspired to help future educators to enjoy the same learning experiences through international travel. Read on to hear more from our 2022 Tibbie Leslie travelers.

**Leanne Hill**  
**Second Grade Teacher, Johnstown Elementary School**  
 Traveled to Reykjavik, Iceland and brought back examples of the rich culture of Iceland to apply to her teaching of World Cultures and Science, specifically in relation to Icelandic clothing, art, and music as well as Icelandic glaciers, volcanoes, and animal life.

*"I have a lesson on perseverance I can share with my students. I climbed a glacier and am scared to death of heights and ice. I can explain how scared I was but would not have seen the views if I gave up."*

**Dr. Upul Ranaweera**  
**Professor of Chemistry, The Ohio State University at Newark**  
 Traveled to Cape Town, South Africa to attend the International Union of Pure and Applied Chemistry Conference on chemistry education to address and learn to techniques on how to effectively educate students in the field of chemistry in the time of COVID-19.

*"This conference also addressed context and diversity in chemistry education, especially being a country that was under an apartheid system of education to slow but steady changes to modern pedagogy. It was interesting to see how they evolved and addressed those difficult issues they faced."*

**Alisha Fenton**  
**Fourth Grade Gifted Students Teacher, Licking Heights**  
 Traveled to Leicester, England to shadow educators in their classrooms to bring back new teaching techniques. She intends to use this experience to better engage and educate her school's culturally diverse student population.

*"I was able to see superficial differences among classrooms and schools; and, I was able to experience cultural, political, societal, and educational differences between Ohio schools and schools in Leicester."*

**Dr. Adrian Rodgers**  
**Professor of Education, The Ohio State University at Newark**  
 Traveled to Jakarta, Indonesia with the goal of visiting multiple schools in Jakarta and Bali to identify potential partner schools to host OSU-N Education majors who have a global studies component.

*"Usually teachers would be expected to bring their international experiences back to their classroom, but in my case I am identifying settings where I will bring my students as a part of future international travel...I am focused on bringing students to traditional markets, neighborhoods, food production and religious institutions. It is important that the future teachers that I train also understand their function."*

# Scholarships

## Supporting Learning and Inspiring Futures

The Foundation is committed to helping students afford education and training beyond high school. The first scholarship fund was established at the Foundation in 1964. Thanks to generous donors, many more have been established over the last six decades, allowing us to award more than \$1 million in scholarships annually to deserving area students graduating from high school, renewing their scholarships for another year, pursuing graduate or professional degrees, or deciding to start a training program or college a few years after high school. The impact on Licking County is significant.

### Scholarship Recipients

In 2022, more than 400 individuals headed to hundreds of accredited colleges, universities, and career technical education schools across 23 states with the support of Licking County Foundation scholarships. LCF shares in the excitement of these students – and their deep gratitude for the generosity of the donors who make education and training more accessible through their scholarship funds.

**John W. Alford Scholarship** – Abigail Bagent, Mitchell McClain, Elyse Stufflebean

**Mary E. Alford PEO Chapter DL Scholarship** – Madison Arias

**Allen-Good-Wiley Scholarship** – Elizabeth Robertson

**Bill “Army” Armstrong Scholarship** – Isaac Stedman

**Patricia O’Brien Armstrong Scholarship** – Hailey Jendanklang

**Larry, Jean, Mike, Tim and Darren Brandt Family Scholarship** – Jenna Beebe

**Brinkerhoff Award** – Connor Green

**Robert Ernest, Virginia Woltjen Buckey and Scott Buckey Richards Memorial Scholarship** – Connor Green, Aiden James, Dylan Ovdienko, Jaiden Stratton

**Camp O’Bannon Scholarship** – Michael Ellis, John Strawn

Jacob Ischy

Dayavionne King

Julia Schworm

# 2022 Recipient Snapshots

## Kenneth Davenport

High School: Utica High School, graduated in 2022

College: West Virginia University

Area of Study: Mechanical Engineering

Scholarship: Larry G. and Geraldine Marston Scholarship

Fun Fact: Has been involved in the Utica FFA Chapter and the Hartford Junior Fair Board.

## Jacob Ischy

High School: Watkins Memorial High School, graduated in 2020

College: Baylor University, Texas

Area of Study: Political Science

Scholarship: Raymond H. and Beryl Dean Penick Memorial Scholarship

Fun Fact: Following graduation, Jacob hopes to attend Undergraduate Pilot Training with the goal of becoming a fighter pilot in the Air Force.

## Dayavionne King

High School: Newark High School, graduated in 2022

College: Ohio Dominican University

Area of Study: Chemistry

Scholarship: David Whiteman Newark Kiwanis Scholarship

Fun Fact: Was a member of the NHS bowling team and is passionate about cancer treatment. Dayavionne hopes to become an oncologist.

## Julia Schworm

High School: Licking Valley High School, graduated in 2020

College: Allegheny College, Pennsylvania

Area of Study: Psychology major, minor in communications and cultural studies

Scholarship: Julius F. and Beula C. Lenz Scholarship

Fun Fact: Julia is a collegiate athlete and plays soccer for Allegheny College.

# A Celebration of Giving

## Honoring Service and Philanthropy that Inspire Licking County

In November 2022, Licking County Foundation concluded its 65th birthday year with an in-person Celebration of Giving to pay tribute to our donors, fund holders, volunteers, and our grant and community partners. Nearly 100 stakeholders gathered to hear an update on Licking County Foundation activities, honor founders and community leaders, and recognize the generosity of our donors.

## 2022 REESE AWARD

Farsighted civic leader Everett D. Reese had a vision to ensure that the quality of life in Licking County would continually improve. His life and achievements were based on his strong belief in helping others – and the award in his name recognizes and celebrates those who continue in his example. His granddaughter, Sarah Reese Wallace, presented the 2022 award to two of our community's unsung heroes who have long devoted their talent, energy, and heart to improving our community. As part of the Reese Award, the honorees recommended grants of \$1,000 made from the Foundation's Random Acts of Kindness Fund to the charities of their choice.

*"Let me know if there is anything I can do for you."*

– EVERETT D. REESE

Gary Walters

Gary Walters, an Ohio Basketball Hall of Famer, is a lifelong Licking County resident. Gary channeled his love of the game into helping to develop young people throughout his 33-year career as a teacher, coach and mentor. He enjoyed the classroom as much as the gymnasium. When asked if he missed coaching, he replied that he missed teaching more, referencing the saying, "students don't care about how much you know until they know how much you care." Gary enjoyed a second career in public service – something he always encouraged his students to pursue. He was appointed in 2002 to complete a term for Common Pleas Clerk of Courts, and won re-election five times, declining to seek re-election in 2020. As part of his role with this large system, Gary directed thousands of excess auto title funds toward community needs.

Gary always found time to volunteer with numerous Licking County organizations. He and wife Vicci have been married for 53 years and have two sons, Kyle and Vince. All are Newark High School graduates. He also has two granddaughters, Sophia and Gabriella.

Christopher Meyer

Chris Meyer's 44-year legal career included being a partner at Reese Pyle Meyer, PLL. Chris credits his mentor, Gib Reese, with the inspiration toward community service. "We were always very busy in the practice, and devoting additional time was not always easy, but we were guided by his great example. And when you reach my age, you appreciate and value most the relationships you have formed with so many good people when you were not wearing your lawyer hat."

Now retired, Chris brings his legal skills to a different role, helping people to avoid or settle lawsuits as a private mediator and also through his oversight of the mediation program in Licking County Domestic Relations Court. Chris noted, "I would like to think I was largely a problem solver when I was an attorney. As a mediator my goal is the same – trying to resolve conflict, which is particularly important in cases involving minor children."

Chris is actively involved in numerous organizations in our community – Licking County has been fortunate for his years of service, kindness and counsel.

## 2022 Founders Awards

*"Real generosity toward the future lies in giving all to the present."*

– ALBERT CAMUS

The Licking County Foundation established its Founders Award to celebrate the institution's 60th Anniversary in 2016 and to acknowledge outstanding philanthropic achievements and significant positive community impact of individuals, families or organizations over a long period of time. The Reese Family accepted the first award in 2016.

In 2022, the Foundation presented the Founders Award to a very special group of people who forever changed the course of our journey. The John and Mary Alford Foundation, the family of the late Bill and Sue Moore, Frank and Kay Murphy, and Herb and Pat Murphy all had ties to the Foundation as members or chairpersons of its Governing Committee and contributors to its philanthropic initiatives. All four also helped to fund the Licking County Foundation's current offices at 30 N Second St., which opened in 2006. We celebrated their collective and meaningful legacy. As part of the Founders Award, the honorees recommended grants of \$1,000 made from the Foundation's Random Acts of Kindness Fund to the charities of their choice.

# Special Initiatives

## Inspired by the Future

Every year, Licking County Foundation takes on special opportunities to improve lives in addition to our financial support. We continued our Licking County Learns Together educational programming, heard from our community through our special 65th anniversary survey, continued working behind the scenes on Newark's own Louis Sullivan Building, and more.

### Celebrating 65 Years by Gathering Ideas to Inspire the Future

In 1956 at the first meeting of the Licking County Foundation Governing Committee, visionaries laid the groundwork for what is now more than six decades of improving lives. The Governing Committee soon determined that in order to continually improve the community, Licking County Foundation also had to listen and learn – and determined that gathering input through a Community Survey would provide the "...consent of action" around what the Foundation should prioritize. In that same spirit, we turned to the people who live, work, play, and learn in Licking County, and asked them,

*"If you had to choose one thing to improve life for others in Licking County, what would it be?"*

#### A Timeline

Our survey began as part of our public anniversary celebration at Licking County Chamber of Commerce's Annual Groundhog Day Breakfast on January 28, 2022 and collected input through December 22, 2022.

#### Our Reach

In addition to email campaigns, direct mail marketing, limited advertising, local news outlets, business newsletters, social media, and public events also helped us to share our survey invitation and story. The Licking County Chamber of Commerce, the Licking County Educational Service Center, our grant partners, and other institutions were vital in helping us to link with their constituents.

#### Our Respondents Represented Generations of Ideas!

- Ages 77-94 (The Silent Generation) – 9%
- Ages 68-76 (Baby Boomer) – 20%
- Ages 58-67 (Baby Boomer) – 21.5%
- Ages 48-57 (Gen X) – 19%
- Ages 37-47 (Millenials and Gen X) – 9.5%
- Age 30 and younger (Millenials, Gen Z, and Alpha) – 21%

#### Top concerns:

- Housing (availability and affordability), transportation, and unhoused/unsheltered: these were the top three concerns, and represented 41% of all responses.
- Public spaces/environment and "smart growth": Land use, locating housing near retail outlets and services, improved transportation routes and similar ideas accounted for 20% of all responses.
- Health care and mental health/recovery: compassionate, effective support and recovery programs accounted for 8.5% of responses.
- Youth/activities and children and families: ideas to offer programs and safe and fun activities for youth, children, and families represented 7.5% of responses.

#### What Happened Next?

- LCF reviewed all responses against our grantmaking priorities, learned how grant partners are already addressing concerns, and noted new potential areas of interest.
- LCF connected with the Thomas J. Evans Foundation to offer relevant findings that amplify the work of FRAMEWORK, a project to gather and organize data regarding the communities most impacted by the arrival of Intel Corporation.
- Housing related comments and other data served as a springboard into conversations with the Columbus-based Affordable Housing Trust regarding the establishment of a Regional Impact Fund (now in the works).

Continued on next page >

Thank you for helping us turn your dreams and ideas into compassionate action for the future.

# "If you had to choose one thing to improve life for others in Licking County, what would it be?"

## Some of the responses...

"Provide training dollars for adult manufacturing students."

**"We would love to be involved. Any help or ideas to help generate more donors, mentors or awareness for our community youth. They are suffering greatly with mental health and socialization."**

"Address the needs of the homeless population in a true community fashion, with organizations working together and not against each other to provide affordable and accessible housing."

"Mass transit system to provide access to work environments."

"Nature education and activity opportunities throughout the county. I would continue to improve our facilities including parks, increasing access to resources and programming for the youth. In addition to trying to come up with a solution for the growing homeless population."

**"If I had to choose one thing to improve the life of others in Licking County, it would be to increase the amount of affordable, safe, clean, and rentable housing."**

"Parks and bike paths have had increase usage during COVID. The county will have rapid population growth in the near future with Intel. The benefits of more parks/bike paths will help improve the life of others in Licking County."

"I would like to see ample basic needs provided to everyone—housing, food, transportation and access to mental and physical health care. When those needs are met, the trajectory of people's lives can be so positive and constructive."

**"Increase STEM learning in Licking County."**

"Increase educational opportunities—at all levels (pre-K-Doctoral) and make as affordable as possible. Higher education levels correspond to longer life spans, decreased poverty, improved critical thinking skills, economic growth, and good citizenship. Instead of spending money on remediation on the back end, let's invest it up front."

**"It is difficult to choose only one thing, as each of these areas have great impact on the citizens of Licking County. Public Transportation, Housing and Social Service Workers."**

**"Combat drug addiction in a compassionate way."**

"More giving to food pantry and Salvation Army to prevent hunger and provide shelter."

"I think the major issue facing Licking County is we need to get the major infrastructure in line now. This starts in getting major highways widened of 161, 70, and 16. There also is a need that 161 and 70 are connected by at least 2 new highways! We also need to consider of roads for expansion of and for new and expanding manufacturing facilities. We must plan for roads to accommodate major growth of commercial sectors, hospitals, schools, and residential."

**"Hold more community events (parades, fairs, job expos, concerts, presentations, shows, performances). Community members of all ages can enjoy these and it unites people."**

"Clean up neighborhoods! Use what ordinances we have to help people understand; keeping garbage and other junk around their houses is not good for them or their neighbors. I would love to travel through town and along the expressway; and be proud to call Newark and Licking County my home."

**"Safe neighborhoods."**

"Transportation. This issue is being addressed but the demand for more public transportation is evident. Increased traffic patterns are another area of concern but not sure if it ties into the Foundation's goals."

**"Feed and clothe those, especially children, who are in need."**

"I do not live in Licking County, but work in the county. I feel there is a need for more adult services for those with developmental disabilities or those who have mental health issues in the county. There is also a huge homeless population, especially in and around Newark. Some may have developmental delays and mental health issues which have led to their current situation. Helping to have more services available would be a benefit for all involved."

"Knowledge of available services, whether JFS or C-TEC/COTC/OSUN and how to access these services. For example, how to apply for college/assistance or tuition."

**"A place to meet without a charge to socialize or play games, cards and board games."**

"Provide suitable and affordable transportation options and health services for adults who have limited mobility due to stroke, age, disability or other condition."

**"Retaining top talent in the form of young professionals leaving the community."**

"We need to advertise resources available without any stigma attached for the people of Licking County."

"Prevent young people from taking up smoking cigarettes."

**"Programs for elementary aged children to improve reading comprehension."**

"Family centers with pools, movies, games etc. One reasonable price for a family to attend for the day."

**"More trees. Tell people to go to the bike trails, parks, arboretum and town festivals."**

"More education for families — how to raise children to be servant leaders, moral direction, faith connections, etc."

"Community center and more community pools."

**"Licking County would be greatly improved as a community if there was better interaction amongst economic groups. I feel there is too great of a separation. Programs to improve this situation would be good."**

"Improve parks and recreation."

"Better sharing of information — especially events happening in the area."

"Expand bike/walking path to include Kendal (Otterbein) and Spring Valley Nature Preserve."

**"Create a cleanup day to improve the trash along the roads, clean up the bike paths and etc. There is too much trash along the roads and the bike paths get cluttered. This can be a simple fix, just by volunteers!"**

"More places to get tested or find healthcare. People would reach out for more help with more opportunities to do so. Money needs to be put towards this to help the community."

**"Appreciation and welcoming of diversity. I'm continually disheartened about how our collective communities talk and act about populations that may not be in the majority."**

## Inspiring Collective Action and Hope

The Licking County Foundation is committed to its role as a learning organization and to learning alongside our donors, community members, nonprofit partners, business community, educators and others. Licking County Learns Together is a collection of programs, partnerships and educational opportunities that helps our area gain, give and grow by promoting nonprofit organizational effectiveness and sustainability, developing the philanthropic skills of donors and professional advisors and nurturing civic engagement and leadership. Our 2022 calendar provided the following learning opportunities:

**Role of the Board:** Our partners, Business Volunteers Unlimited, presented this special session for nonprofit leaders and their board members to learn about the role of the board, the year-round work of board governance, strategies for recruitment and orientation, ongoing board engagement, engaging board members in effective meetings, and more.

**Summer Learning Series (with Philanthropy Ohio):** LCF provided 18 nonprofit organizations with the opportunity to participate in Philanthropy Ohio's Summer Learning Series. Hour-long webinars on operations topics such as creative ways to connect with donors, working effectively with data, and operationalizing equity were followed by Friday lunchtime discussions with participants and LCF staff for a deeper dive.

**Strategic Planning Basics:** We teamed up again with Business Volunteers Unlimited to help Licking County nonprofit organizations assess their readiness to conduct a strategic planning process – and how to go about it.

**Staffing and Recruiting Strategies for Today:** In response to feedback from our nonprofit community on the operational impact of staffing and hiring challenges since the pandemic, LCF hosted a discussion led by Joan Franks, Vice President of Human Resources for Matesich Distributing and LCF Governing Committee Secretary-Treasurer, on what it means to be in the people business and strategies and tactics to attract new employees.

**LGBTQIA+:** Demystifying Concepts and Terms: Whether creating an inclusive registration form, respectfully addressing someone we meet at a conference, adding pronouns to an email signature, or just learning how to support our friends and family, this workshop conducted by a trainer from the Kaleidoscope Youth Center (Columbus) helped participants learn about aspects of gender identity that have become an ever-increasing part of our personal and professional communication.

Dedicated People Inspired by a Magnificent Project:  
*Friends and Fans Unite "On The Old Home Stretch"*

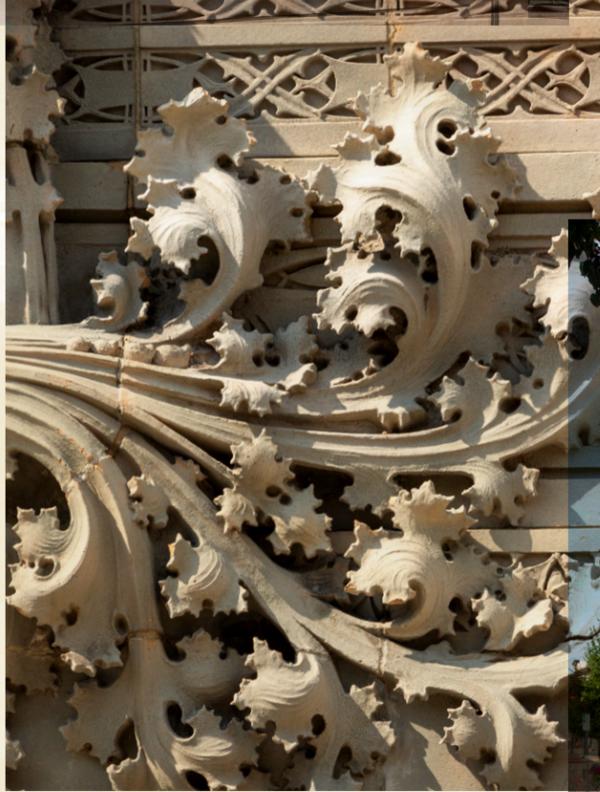

In 2013, the Licking County Foundation received an extraordinary gift from Newark native Stephen Jones: a 1915 bank building designed by renowned Chicago school architect, Louis Sullivan.

Although the structure had been vacant for more than a decade and was in significant disrepair, the Licking County Foundation Governing Committee agreed to accept the Old Home bank and rallied to repurpose the historic landmark to benefit the community. Thanks to generous contributions from the community, two significant matches from The Jeffris Family Foundation, and the skilled tradespeople and artisans who partnered with us, the exterior of the building at Third and Main has been restored to its original glory. The final lap of this marathon will be to restore the interior. Without the long-term commitment, expertise, insight, and vision of the many people who are passionate about this building and its potential impact on the community, LCF would not be "On The Old Home Stretch."

**The Dream Team**

In 2014, an ad hoc task force comprised of Licking County Foundation board members, staff and community leaders was formed to steward the building's restoration and inspire community support. Team Sullivan engaged partners in thoughtful, shared planning on everything from identifying the best use of the building and possible tenants, to investigating all of the issues surrounding the protection, renovation, restoration and historic preservation of this architectural masterpiece. This Committee also plays a role in fundraising and communicating progress to the community. Members provide essential insights and assist our staff and board with the On The Old Home Stretch Challenge Fund campaign.

Friends of Sullivan

**Better with Friends!**

News of the Licking County Foundation's newest project caught the attention of several local architects and historians. When these local citizens met at the building's centennial celebration in 2015, they recognized the importance of the restoration. Inspired to raise funds and educate the community about the significance of the Old Home Bank, they formed the Friends of Sullivan, which now operates as a Committee of the Licking County Foundation to help secure support for the Friends of Sullivan Community Project Fund. The group welcomes new members interested in preserving and promoting the Louis Sullivan Building restoration.

The Friends continue to bring their enthusiasm, creativity, and energy to projects that tell the story of The Old Home with friends and fans near and far. The group spearheaded a children's book *Journey to a Jewel Box*, authored by Dianne Dayhuff Kimball and illustrated by Lizz Ivy Beck, telling the story of the famous bank through the eyes of a curious child, helping young readers explore the building's past and learn about its celebrated architect. Most recently Kimball and Beck developed an extensive Teacher's Guide that will assist local educators on incorporating the book's educational value in the classroom.

*Thank you to everyone dedicated to getting us over the finish line!*

# About Us

*Caring, Committed & Connected*

A team of caring board, staff and volunteers provide philanthropic leadership that inspires citizens, stimulates change and supports efforts to improve the quality of life in the community.

## Governing Committee... Dedicated Community Leaders

The Foundation's board members are dedicated to ensuring that each gift entrusted to LCF is used within the donor's intent to enhance this area's quality of life.

### FY 2022 – Board Members

Noble Snow – Chair  
Molly Ingold – Vice Chair  
Timothy Lehman – Secretary/Treasurer  
Cynthia Menzer – Immediate Past Chair  
Kim Coplin  
Joan Franks  
Chase Ghiloni  
Deborah Kohman  
Ryan Mills  
Janine Mortellaro  
Robert O'Neill  
Jeanetta Pyle  
Warren Weber  
Michael Whitehead

Emeritus – Jerry McClain, Bill McConnell,  
Frank Murphy, Stu Parsons  
Founders – Howard LeFevre, Gib Reese

## Staff... Here to Help

The Foundation's staff appreciates the opportunity to help donors and community partners improve lives across Licking County.

### FY 2022 – Staff

Leslie Bline – Donor Services & Communications Manager  
Dean Busack – Vice President, Finance & Operations  
Jennie Dawes – Donor Services Officer  
Amy Dell – Program Officer, Scholarships & Education  
Sarah Goldblatt – Office Administrator  
Connie Hawk – President  
Leeah Mahon – Program Associate  
Alexia Rose – Communications & Donor Services Associate

### Welcome!

In 2023, the Foundation welcomed the following new board and staff team members:

Doug Feller – Governing Committee  
Diane Marshall – Administrative Associate  
Bobby Persinger – Program Officer, Grants & Capacity Building  
Mike Schmidt – Incoming President

## Committee Volunteers...Help Advance Our Mission Forward

What Licking County Foundation achieves would not be possible without the help of nearly 130 community volunteers. Our committees report to the full Governing Committee and consist of board members and other community volunteers who are vital to keep our mission moving forward.

For a full listing of these committees and the dedicated local volunteers who serve on them, please visit [www.thelcfoundation.org/aboutthefoundation/about/committees](http://www.thelcfoundation.org/aboutthefoundation/about/committees). To learn more about volunteering for one of our committees, please contact us at **740.349.3863**.

# Improving Lives One Gift at a Time... For All Time

Helping donors actualize their desire to help others is our first priority. We can put your compassion into action today – or help you plan for the future. Donors can support one of our many existing funds – or create their own. If you are inspired to improve lives with a gift, we're here to help.

## Anyone Can Be A Donor

Philanthropy and endowment go hand in hand with improving lives: gifts provide stability for important ongoing community programs, create a safety net for essential services in tough times, and make it possible to explore new opportunities. Our donors are individuals, organizations, and even businesses. Every gift, no matter the size, adds to our ability to create hope and improve lives.

We offer a full range of philanthropic services to help donors. Our understanding of the Licking County community can be a resource to you in choosing an organization or cause to support. Our team is knowledgeable about many kinds of gifts and partners with exceptional professional advisors. We can work with you directly or with your advisors to help create a giving strategy that supports what you care about most in a way that fits with your financial goals.

## You Can Make A Difference Today – And Forever

The Licking County Foundation's endowment has grown not because of a few large donors, but through thousands of gifts of all sizes across decades from people who care deeply about changing lives. Supporting the organizations, causes or community needs that are most important to you is easy:

- Create a named fund to support your charitable interests. You can build your fund over time.
- Contribute to almost any fund we have at the Foundation any time and in any amount.
- Contribute to honor or remember special people or celebrate milestones.
- Contribute to the Foundation's Unrestricted Fund, knowing your gift will be put to work to address the area's most immediate needs at any time, year after year.

## Ways To Give

Whether it's an online donation or a more complex gift, the Licking County Foundation can administer a broad range of charitable gift types. Donors can contribute assets to support an existing fund or establish a fund through:

- Gifts of cash (check or credit card) or publicly traded securities
- Assignments of life insurance policies
- Charitable IRA Rollovers
- Charitable Remainder Trusts
- Charitable Lead Trusts
- Bequests
- Transfer of private foundation assets
- Real estate
- Gifts of tangible personal property

Tax deductions are earned when your gift is made, while grants from your fund will continue into the future. There are restrictions for some fund types on the tax deductibility of certain assets. We encourage you to work with your estate planning professional or tax advisor to determine the type of gift that is right for you and your family.

To learn more about establishing a fund or making a gift to the Licking County Foundation, please contact:
